

Aero Fit Social Media Strategy to Regain CMS & RMS

Prepared by: Sharnbir Singh

Date: 01/02/2026

Task 1: Comprehensive Social Media Strategy

- **Goal hierarchy:**
 - Primary: Recover CMS & RMS
 - Secondary KPIs: incremental revenue, online order growth, CTR → CVR → ROAS
- **Channel prioritization:**
 - First: Facebook + Instagram (5×)
 - Second: LinkedIn (3×)
 - Third: YouTube (2×)
 - Lower: X, Pinterest
- **Creative & offers:**
 - Use limited-time discounts (5 %–15 %)
 - Bundle or seasonal deals to protect margins
- **Budget allocation:**
 - Suggest 20–30 % of entire marketing budget (target ~25 %)
- **Competitor practices:**
 - Aggressive discounting
 - Multi-touch online presence

Task 2: Social Media Calendar (4-week Sample)

Week	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Facebook / Instagram	Product highlight + limited offer	UGC / customer testimonial	Fitness tip + product benefit	Influencer snippet	Flash sale / weekend bundle	In-store / pickup promo	Pain point + CTA

Stories / Reels	–	–	–	–	–	–	–
YouTube	–	–	(New video)	–	–	–	–
LinkedIn	–	(Franchise or B2B post)	–	(Partner highlight)	–	–	–

-

Ads cadence:

- 2-week acquisition push on FB/IG, followed by 4 weeks of remarketing
- Use competitor discount bands (5 %–15 %) in offers

Task 3: Facebook Page & Scheduling

- **Page setup & optimization:**
 - Logo, cover, business info, CTA “Shop Now,” commerce catalog
 - Assign roles, link to pixel, baseline analytics
- **Post scheduling steps:**
 1. Create content (image/video + caption + product tags)
 2. Use UTM links
 3. Schedule via native scheduler / business tools
 4. Monitor post metrics and adjust timing

Task 4: Meta Ads Strategy & Measurement

- **Campaign objectives:**
 - Awareness / Reach
 - Traffic / Engagement
 - Conversions / Catalog Sales
 - Remarketing
- **Ad creation steps:**
 1. Choose objective & budget
 2. Build audiences
 3. Prepare creatives

4. Launch with A/B tests
5. Use dynamic product ads

- **Performance metrics:**
 - Impressions, CTR, CPC
 - Conversion rate, CPA, ROAS
 - Incremental revenue, CMS/RMS uplift
-

Task 5: Audiences & Pixel Integration

- **Audiences to create:**
 - All website visitors (30/60/90 days)
 - Product viewers
 - Cart abandoners
 - Past purchasers (for lookalikes)
 - Social engagers
 - **Pixel & event setup:**
 - Install pixel (or via tag manager)
 - Map events: ViewContent, AddToCart, InitiateCheckout, Purchase (value param)
 - Validate and ensure deduplication
 - Use audiences for dynamic remarketing
-

Task 6: LinkedIn Business Page (B2B)

- **Page setup:**
 - Branding, company overview, list of COCO + franchise footprint
 - **Audience targeting:**
 - Prospective franchisees, retail buyers, partners
 - **Content themes:**
 - Case studies, partnership offers, webinars
 - **Metrics:**
 - Lead enquiries, downloads, conversions to partnerships
-

Task 7: YouTube Optimization & Promotion

- **Channel setup:**
 - Branding, banner, thumbnails, complete about section
 - **SEO & video structure:**
 - Titles, descriptions, timestamps, tags, playlists
 - **CTAs / e-commerce linkage:**
 - Cards, end screens, pinned comments
 - **Repurposing strategy:**
 - Use YouTube videos as FB/IG Reels (5× impact)
 - **Promotion:**
 - Amplify via FB/IG & retargeting
-

Task 8: Tools (Automation / Listening / Video)

- **Social scheduling & automation:** queueing, bulk scheduling, calendar view
- **Ad management & reporting:** central dashboard, A/B analysis
- **Social listening / monitoring:** brand mention tracking, sentiment, competitor share
- **Video creation & repurposing:** templates, trimming, captioning, export for multiple channels
- **Analytics / tag management:** event validation, revenue attribution, reporting
